Who's the New Bully on the Playground?

**Union Bosses are
demanding a monopoly
on all San Diego Unified
school construction
projects to take place
on the taxpayer
funded \$2.1 billion
Proposition S!**

Don't Let Them Bully Our Kids!

- The \$2.1 Billion Proposition S was passed by San Diego voters in November of 2008 to help repair and renovate SDUSD schools.
- Now, in an unbelievable giveaway to left-wing union bosses SDUSD Board Members Sheila Jackson, Richard Barrera, and John Lee Evans **want an exclusionary union-only agreement (PLA)** placed on all work, which **will freeze out the 90%** of the construction workforce who are non-union!
- This discriminatory PLA will result in the bond being worth \$400 million less in value!
- Why would these board members do this? Could it have anything to do with the fact that **unions contributed over \$400,000 to their political campaigns?**

Tell Jackson, Barrera, and Evans NOT to give special favors to their union financial supporters but instead protect all of our interests!
